# General Product Description

## Brief Description of the Product

Jam Digital sangat populer saat ini dengan bentuk simple dan modern dengan berbagai Ukuran Angka atau Digits. Ukuran Angka Digits ini sangat berkaitan dengan jarak pandang dan sudut pandang.

**Jarak Pandang**, berapa jarak pandang atau distance view pada umumnya orang-orang akan melihat untuk memanfaatkan fungsi Jam Digital ini?

**Sudut Pandang**, berapa ketinggian gedung atau tempat pemasangan Jam Digital ini?

Konsultasikan kepada Kami untuk menentukan besaran ukuran Angka Digits pada Jam Digital Anda dengan pertimbangan **Sudut Pandang** (Ketinggian lokasi Pemasangan) dan **Jarak Pandang**

### Product Name:

Outdoor clocks with **GPS synchronization to Satellites**

1. Outdoor clock is better format in 4 digits
2. Outdoor clocks with GPS
3. Digit adjusted by remote control
4. Provide 1 year warranty
4. Digital Segment clock
5. Display time format HH:MM
6. Display color: red, yellow, green, blue, white
7. Available character height: 4, 6, 8, 10, 12, 16, 18, 20, 24, 32, 42 inch - 4digits

## Product Details

Berikut adalah Informasi detail barang Jam Digital Outdoor Clocks 4 digits

### **Parameter:**

1. LED clock size: see table in above
2. Character of led clock: 4digits
3. LED clock Frame: Steel
4. Faceplate: display window cover red PVC glass

- 5. Operation: remote control
- 6. LED display brightness adjustable
- 7. Operation circumstance: -30 ~60 ; 0~95% relative humidity
- 8. Power source: AC 110V/260V

## Technical Specifications

Berikut adalah Spesifikasi Teknis untuk jenis Jam Digital Outdoor Clocks 4 digits

Functions	<p>Display Time (hour 12 or 24 and Minute)</p> <p>Use of the environment:: outdoor</p> <p>brightness: high brightness and can be adjusted by remote control</p>
Parameters	<p>Height of character: 4, 6, 8, 10, 12, 16, 18, 20, 24, 32, 42 INCH</p> <p>Display color: red, yellow, green, blue, white</p> <p>Display Format: HH:MM</p> <p>1. Display usage: Total 4digits</p>
Overall structure	<p>2. Frame: Metal Steel or Aluminum</p> <p>3. Faceplate: Display window cover glass with waterproof</p> <p>1. Clock precision Less than 2 seconds on a daily basis</p> <p>2. Power supply AC110-250</p>
Technical norms	<p>3. Operation circumstance: -30 ~65 ; 0~95% relative humidity</p> <p>4. LED Lifetime 100.000 hours</p>
Warranty	<p>1 Year</p>
